

**Università  
degli Studi  
di Palermo**

## **MASTER DEGREE IN COMPLEX ADMINISTRATIONS AND ORGANISATIONS SCIENCE (LM-63)**

The Master Degree is structured in two curricula: (1) Compliance, Sviluppo Aziendale e Prevenzione del Crimine (taught in Italian), and (2) Public Management (taught in English with the opportunity to get a double degree with the Corvinus University of Budapest)

### EDUCATIONAL OBJECTIVES

- **The Public Management curriculum**

The Public Management curriculum aims to face, through a practical approach, specific needs of public administrations, i.e. to support coordination in policy design, implementation, and performance management, between different components of the public sector.

Students learn to understand and put into practice, through a learning methodology based on case studies, the tools and mechanisms for managing public organizations and systems related to the generation of value through the design and assessment of policies and strategies in different areas of the public sector.

- **The Compliance, Sviluppo Aziendale e Prevenzione del Crimine Curriculum**

The (taught in Italian) Compliance Sviluppo Aziendale e Prevenzione del Crimine Curriculum aims to train new professionals able to design and implement management control systems oriented to combine performance improvement and crimes prevention strategies.

Students learn how to design and implement management control systems and Organisational Models (based on d.lgs. 231/200) to improve public and private organizations performance and crimes prevention measures.

### PROFESSIONAL OPPORTUNITIES

- **The Public Management curriculum**

Graduated students may undertake an international career in performance management, planning public policy design and sustainability analysis in the public domain (e.g., managers, experts and advisors with abilities to plan, organize, assess and design public policies and public service delivery processes).

- **The Compliance, Sviluppo Aziendale e Prevenzione del Crimine Curriculum**

Graduated students may work as expert/consultant in risk analysis, compliance officer in private e public organisations and pursuing the carrier as manager in private and public organisations.
